

RED DOT A/C COMPRESSOR MOUNT KITS

Cummins K19/KTA19-C & L (1150/ 525)

75R9835

RD-9-7393-0P

INSTALLATION NOTE:

Bracket designed for use with Auxiliary Drive pulley with Single $\frac{3}{4}$ " groove, 8.7" OD.

Kit includes: Mount bracket; tightener; $\frac{5}{8}$ " belt; and mounting hardware for compressor and bracket.

Compressor can also be mounted above bracket ears (top right picture). A different belt may be necessary (approx. 54")

Special Notes:

- If fuel filters are mounted to the auxiliary drive housing the customer must relocate them before the compressor mount can be installed.
- Fan guard may need to be cut to accommodate compressor.

NOTE: All illustrations and specifications are not binding in detail, designs are subject to modifications and improvements where necessary.
