

# GET THE **RIGHT FIT FOR YOU**

## **250cc** **DISPLACEMENT COMPRESSORS**

75R91184Q • 75R91194Q • 75R91182Q • 75R91192Q

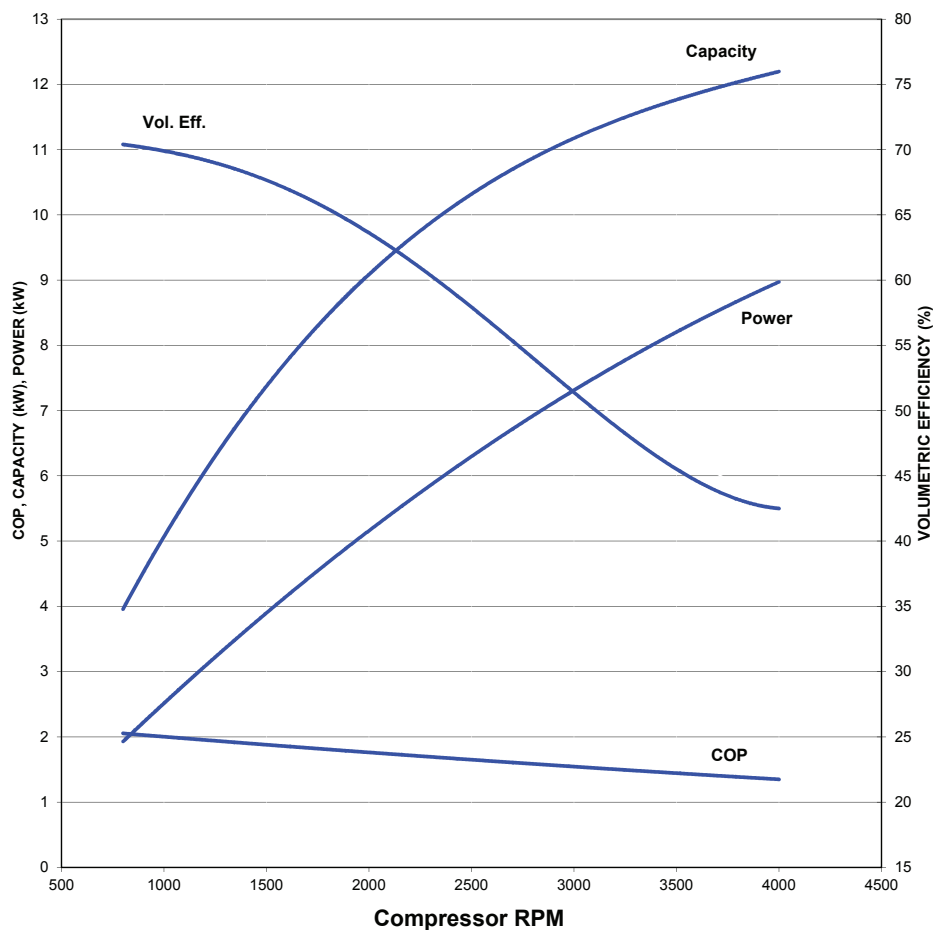

Introducing the latest technology for school buses and smaller bus applications—the QP25. The lower cost solution provides higher capacity than the QP21 or enhanced 7H15 while being able to fit in the same mounting configurations. This provides an immediate, cost-effective solution to customers who need the higher capacity in extreme climatic conditions.

# 250cc DISPLACEMENT COMPRESSORS

Discharge: 1.52 MPag, Suction: .182 MPag  
S.H. / S.C. : 10 / 5 deg K

Que number	Red Dot number	Description
QP25-2667	75R91184Q	141 MM PV 8 24 Volt Direct Mount Pad Fitting
QP25-2668	75R91194Q	145 MM 2A 24 Volt Direct Mount Pad Fitting
QP25-2691	75R91182Q	141 MM PV 8 12 Volt Direct Mount Pad Fitting
QP25-2230	75R91192Q	145 MM 2A 12 Volt Direct Mount Pad Fitting
