HVAC Preventive Maintenance, A great way to SAVE your customers MONEY

Bundling Preventive Maintenance Service and Parts for "ALL Makes"

When it comes to air conditioning, offering a Preventive Maintenance (PM) program will save your customers money. Planned maintenance allows the fleet to schedule repairs *VERSUS* reacting to sudden immediate required repairs once the hot weather hits. In addition, to support a PM program, having the right parts on hand to service ALL MAKES fleets is critical. This Basic PM program combines a checklist of HVAC maintenance checks and a list of ALL MAKES parts to perform the service.
