UPGRADED ROOFTOP AIR CONDITIONER

The legacy, upgraded.

Red Dot's R-9727 is known for unmatched quality and durability. Now it's upgraded for enhanced efficiency and performance.

Built for heavy-duty work.

- Increased cooling capacity
- SPAL motor blower and condenser fan
- Red Dot electronic thermostat with integrated temperature probe
- Larger face-area evaporator with rifled tubing
- Larger face-area condenser
- Hardline tube assemblies throughout
- Bulkhead fitting at rear for customer connections
- Two-ton TXV
- New cover support strut
